OUTDOOR FACTORY

ALL STORIES BEGIN WITH A POINT.

TO BUILD A SUCCESSFUL STORY, MANY POINTS MUST COME TOGETHER AT THE RIGHT PLACE.

As Outdoor Factory, in 2010 we started our journey with the aim of making dreams come true and we pioneered the birth of a new industry. We carried out projects that recently entered in our culture and recognized more in Turkey such as theme parks, indoor and outdoor museums, monuments and sculptures that became symbols of cities.

DESIGN

In order to meet customers' needs and demands, we do our research and development work together with our sculptors, painters, architects, engineers, graphic designers and expert technical teams. During the design phase, we provide services including master planning, concept design, visual concepts, game unit theming, architectural design, and character design. Throughout the process, we determine the history and specific needs of the project, examining all elements from the land and scope to budget sensitivities. Finally, we present alternative projects to our customers.

CONTENT PLANNING, CONCEPT AND VISUAL DESIGN, MASTERPLAN, ARCHITECTURAL DESIGN, CHARACTER DESIGN

OUTDOOR FACTORY

BUILD

Our experienced architecture and engineering teams prepare technical infrastructure of the production by visualizing our inspired designs; followed by the operations and building teams who realize the project based on all specifications.

Outdoor Factory's professional teams have the experience to construct complex projects. Each project created by Outdoor Factory reflects the best storytelling, operations, attractions, economics, and real-life factors and elements.

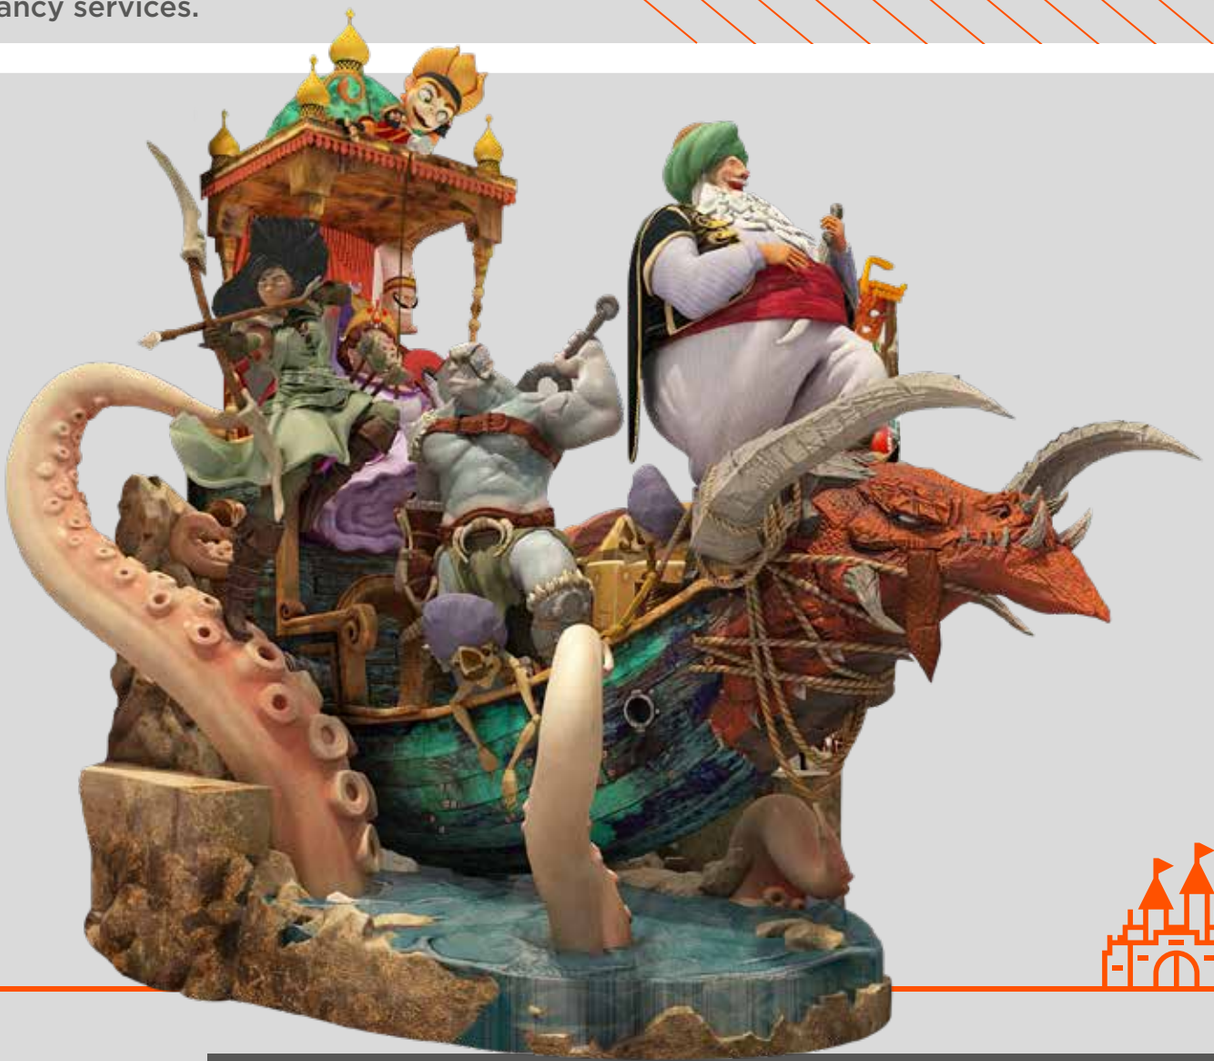

THEME PARKS

THEME PARKS, KIDS TOWN, ALPINE COASTER PARKS, WATER PARKS, PLAYGROUNDS

BAYERN PARK

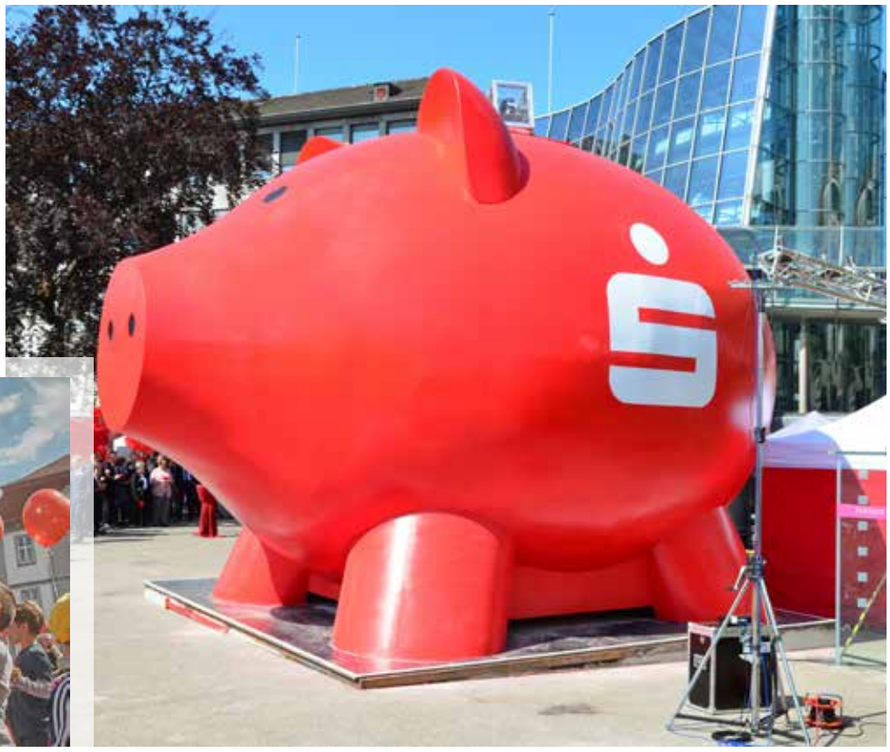

SPARKASSE

Guinness World Record holder the world's largest external accessible box "LOUISE" was produced with Heimotion. "This piggy bank is an invitation to save, which is important at all times" It weighs four tons, is eight meters long, 5.48 meters high, a circumference of 17 meters. and the largest of its kind. It has been an attraction on Schillerplatz in Ludwigsburg since it was first installed in May 2015.

KARLS ERLEBNIS-DORF

Elstal

We had produced the traditional zeppelin for the indoor park. The striking production is now the center of attention.

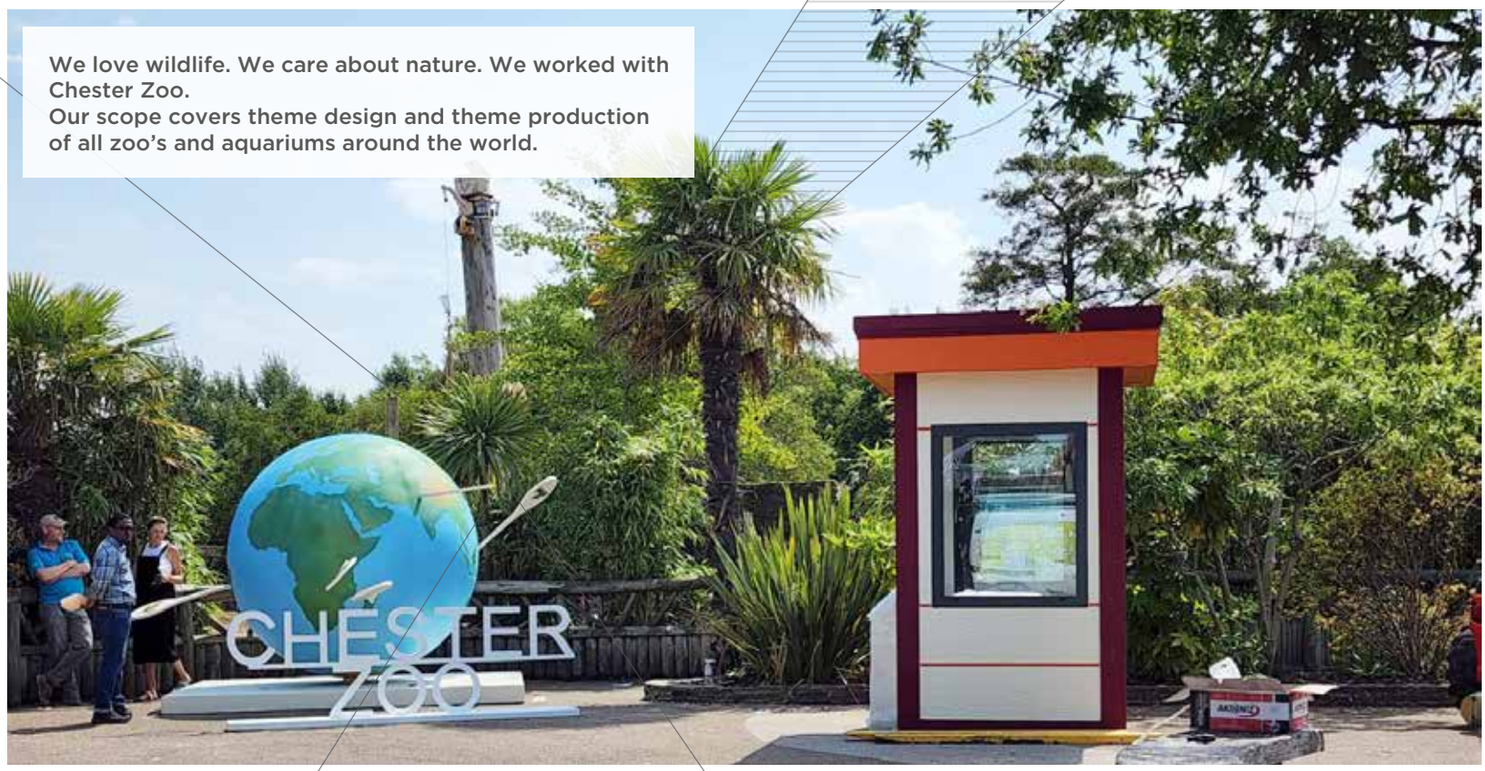

Döbeln

CHESTER ZOO

We love wildlife. We care about nature. We worked with Chester Zoo.
Our scope covers theme design and theme production of all zoo's and aquariums around the world.

CIGOLAND

EUROPA PARK

We are bringing newness to the theme parks. For Europa Park we had produced the Yomi Orchester and the scale model of the new attraction.

The Yomi Orchestra and the scale model of the new attraction produced for Europa Park.

Voltron Nevera

TIER- UND FREIZEITPARK THÜLE

Our design and produced mascot stands at the entrance of the large animal and leisure park to greet visitors and of course you are cordially invited to take a picture with him.
But there are more Theo's in the park area.

ESPACE RAMBOUILLET

We had designed and produced the theme installations for Parc Animalier - Espace Rambouillet in France.

We design and produce signage, archways and many more for the nature parks and zoo's.

PARC SAINT PAUL

Discover the themed attractions that we had created for Parc Saint Paul. We design themed entertainment concepts and bring in newness to the parks.

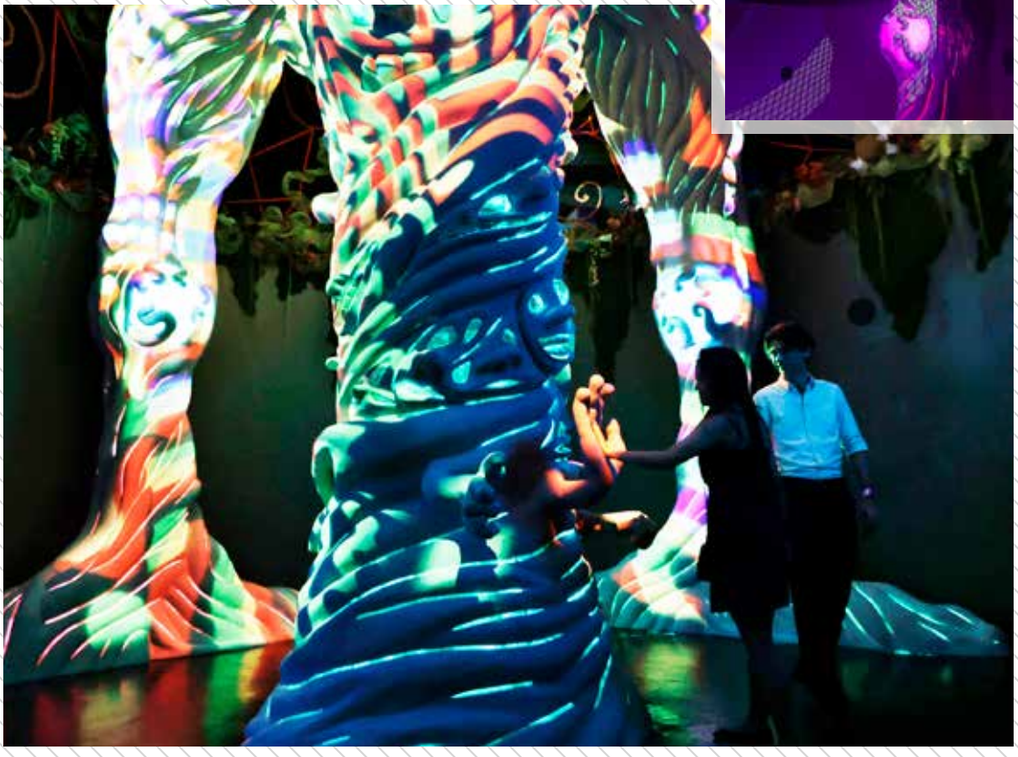

OTHER WORLD

Creating a playground, where music and art collide for Other World Philly.

THE LAND OF LEGENDS

THEME PARK

The Land of Legends Theme Park became the most popular destination on the Turkish Riviera. Designed with a Greek Poseidon theme and a nod to the Roman Empire - consisting a luxurious five-star hotel, aqua park, shopping boulevard.
We designed and produced new generation entertainment concepts.

KIDS TOWN

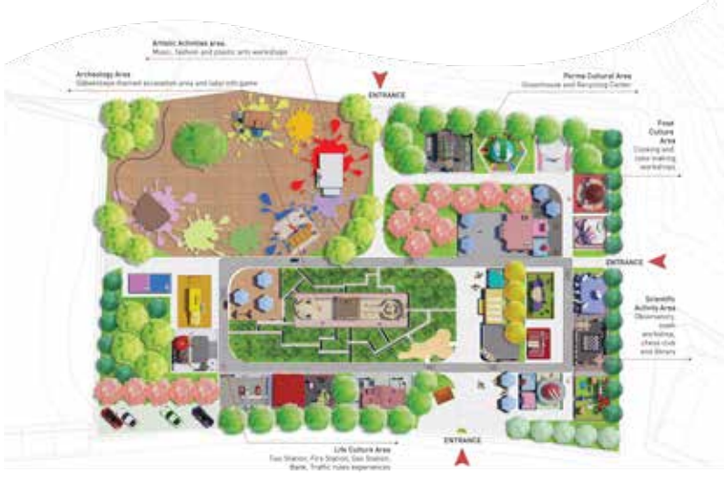

NEW GENERATION EDUTAINMENT AND ENTERTAINMENT PARK

Another world for our little friends to learn and experience the adult life while having fun with a total of 56 different modules and workshops in 5 main concepts: Life, Art, Science, Food, and the Outdoors.

Location & Catchment

Masterplan

FIRST IN TURKEY

EDUCATION AND ENTERTAINMENT VILLAGE

Visual & Concept Design

It was designed under the concepts of archeology, art, perm culture, gastronomy, science and life permaculture together with different modules.

KIDS TOWN

LIFE, CULTURE, EDUCATION

Kids will be able to experience being a cook, artist, scientist, firefighter.

Various experiences with 250 different workshops.

TECHNOLOGY AND SCIENCE FOCUSED KIDS TOWN PROJECTS

Children will have the opportunity to immerse themselves in various roles, such as banker, taxi driver, or firefighter, while also engaging in activities related to shopping, science, and physics alongside their families.

KIDS TOWN

Kid's Town project was designed and planned to create an environment for children to have fun and learn at the same time while their families can spend quality time. The project will also help kids to socialize and reconnect with the real world.

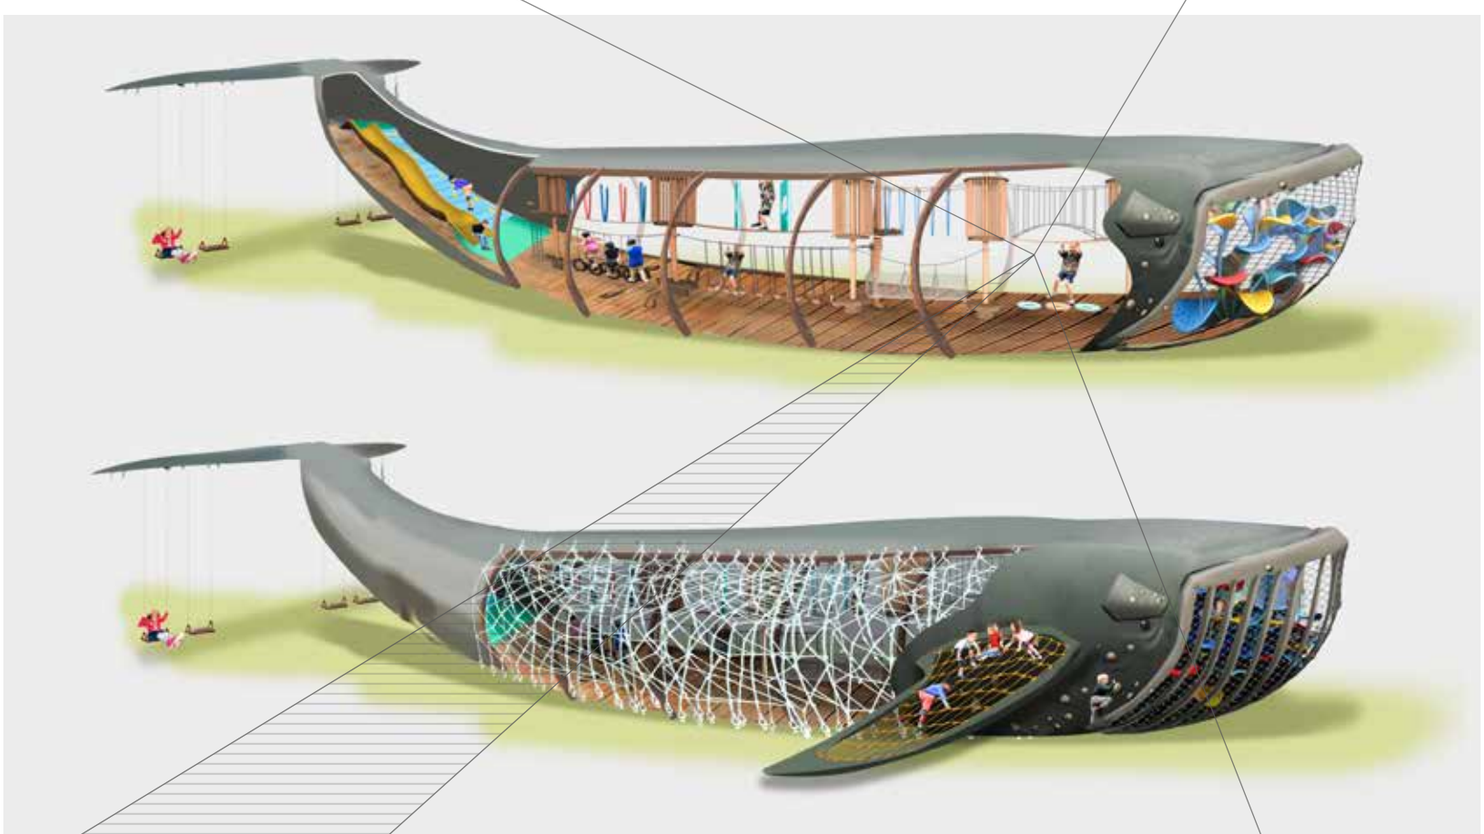

ADVENTURE PARKS

We bring the fun and health benefits of playing outside and green spaces to people of all ages and abilities.
We design and build uniquely themed playgrounds.

One unit adventure park.

NEW GENERATION PLAYGROUNDS

Our planning and design department team creates a concept for your project in close cooperation with the production department, taking into account local conditions and preferences. Our team of designers is always developing and implementing new ideas to create new and creative facilities. These facilities can be customized not only by individuals but also by our in-house artists.

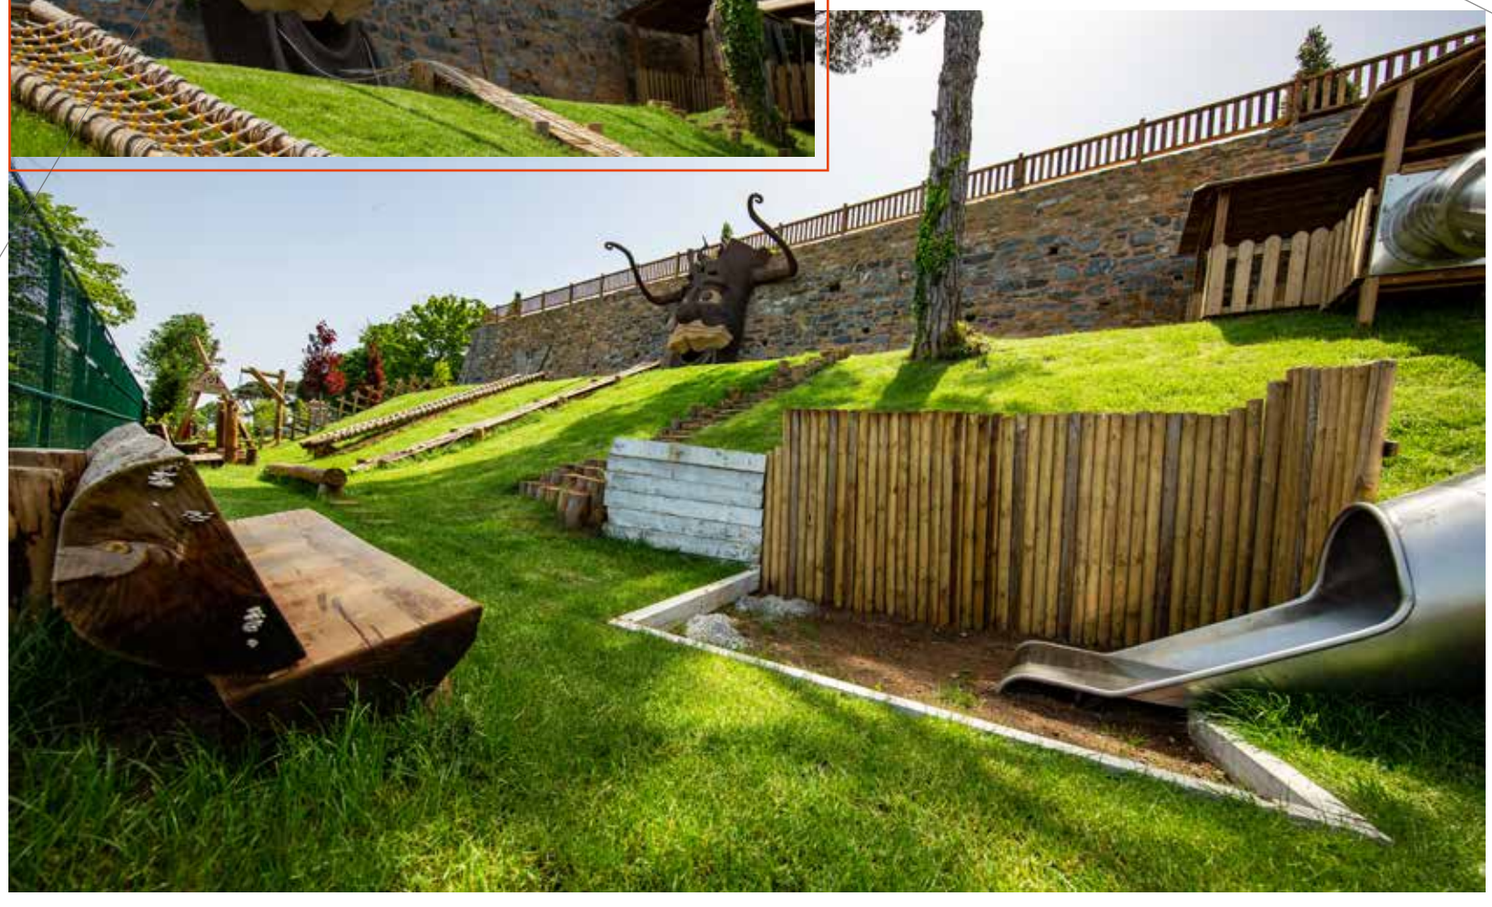

SIX SENSES KOCATAS MANSIONS

Our expertise cover eco-friendly, urban and sustainable parks design, production and installation.

REGNUM CARYA

We are experts at designing, manufacturing and installing creative attraction spaces that drive consumer journey.

We design to your specifications, matching resort or destination branding and helping to differentiate by mesmerizing design.

REGNUM ANIMAL FARM

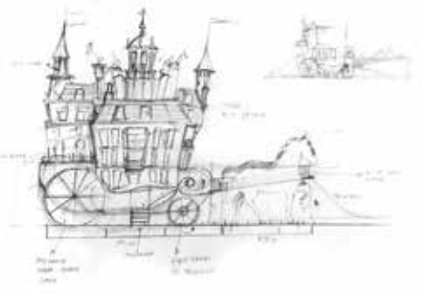

PHAETONIA LAND

We designed a unique entertainment experience consisting of 11 asuitable for all seasons, the park is 16 meters high and 28 meters long. The 196 m² playground can be designed according to the location and ist will be the icon of the city.

FESTIVAL CITY

Entertainment units that are portable and compatible with the natural environment where local and thematic festivals happen.

750 people actively took part in the realization of the museum, which had been under construction for about 7 months. Animators, 2d and 3d modellers, illustrators, music and sound designers, video artists, art directors, production team, copywriters, costume and lighting designers, sculptors, painters, architects and civil engineers had collaborated on the project.

In the second hall, the display was created using the backlight technique in the studio, and the point cloud design technique was employed. In the fourth hall, 3D modeling was used to create content, which was then transformed into a mapping experience that complemented the real footage.

We are like a rooted plane tree; once we hold onto each other and become one, we become an indestructible monument.

ÇANAKKALE VICTORY MUSEUM

HISTORY MUSEUM

DESIGNED FOR THE MEMORY OF CANAKKALE BATTLE MARTYRS AND SARIKAMIS MARTYRS.

We produced Çanakkale Aynalı Bazaar concept, martyr land installation, Çanakkale Monument, lead separation, Çanakkale war trench and martyr letter voiceover, the interior design of Nusret Mine Ship section, Gallipoli model.

THE SYMBOL OF ETERNITY AND IMMORTALITY

15 JULY MARTYRS MONUMENT

For every martyr, a rose and a cypress tree was planted at the 15 July Martyrs Memorial, which emphasizes on national unity.

The construction of 15 July Martyrs Memorial, took 27 days and the opening ceremony was honored by our **President Recep Tayyip Erdogan.**

The memorial features the names of 251 martyrs. The main construction used 125 tons of steel, and 3,400 square meters of Safranbolu Eflani fossil rustic green marble was used to pave the top and surrounding area. The entrance to the Islamic-Ottoman social complex is connected to a pathway.

ÖMER HALİSDEMİR

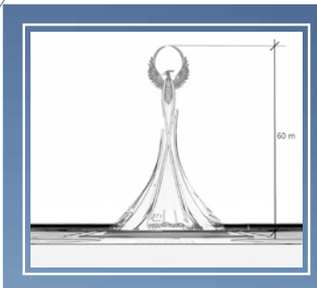

UZBEKISTAN 30th YEAR INDEPENDENCE MONUMENT

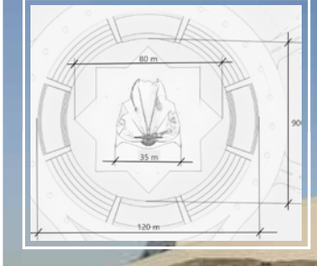

PHOENIX: A STORY OF REBIRTH

Phoenix represents the logo of Uzbekistan and also symbolizes happiness and freedom. The cotton and wheat symbols next to the phoenix monument represents the most important agricultural products of Uzbekistan.

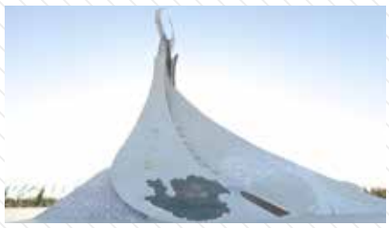

Even though the structural values of monuments related to humanity's search for freedom and the losses they experienced may differ in various regions, the concept of 'freedom' is a common ground for all cultures.

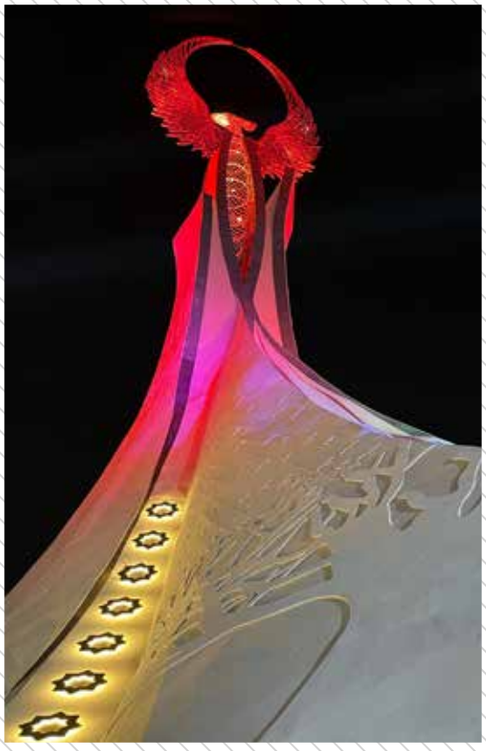

GALABA PARK

We designed a memorial complex dedicated to the memory of those who lost their lives defending the homeland and ensuring public peace during Uzbekistan's years of independence.

PAVILLIONS

GAYRETTEPE METRO STATION

Gayrettepe Metro Station is an urban architecture design project adorned with symbols of both Istanbul's and Turkey's cultural heritage. The project offers an experiential journey with artistic paintings, reliefs, directional signs on platforms, ceiling units, audio elements such as sea, ferry and seagull sounds, digital content production, 3D mapping and interactive screens.

The symbols of Istanbul and Turkey's history have been the central design elements of the metro line, transforming it into a history museum through our designs and applications. Incorporating diverse elements such as Turkey's exemplary transportation projects, Istanbul's iconic Bosphorus skyline, landmarks, Turkish culture, and significant historical buildings of the period, we have created a minimalist and modern design for the underground metro line. This design aims to allow passengers to experience the city beneath the surface.

PINE AND BLOSSOM TREE METRO STATION

Pine and Blossom Tree Metro Station is a design project. The monumental trees in the subway station symbolise life and commitment to healthcare. Various sculptures and artistic installations strategically placed throughout the station enrich the overall experience by drawing attention to healthy living.

FIG TREE METRO STATION

Inspired by the historic Incirli (Fig) neighborhood, the design features illustrations that stretch across the tunnel, offering a contemporary interpretation of the cultural identity. The designed wall reliefs enrich the station, symbolizing a dream of global peace and unity.

ANKARA METRO STATION

Ankara Metro, a design and built project.

OSMANIYE MARTYRS MONUMENT

Osmaniye Martyrs Monument, was designed and implemented for the memory of the salvation of Osmaniye and its martyrs.
We designed the monument in order to symbolize our longing, respect and admiration to our martyrs.

City & Country
Osmaniye

Measurements
10 m

Our martyrs will always be a star in the middle of this crescent.

NATIONAL PARK

WE DESIGN PARKITECTURE

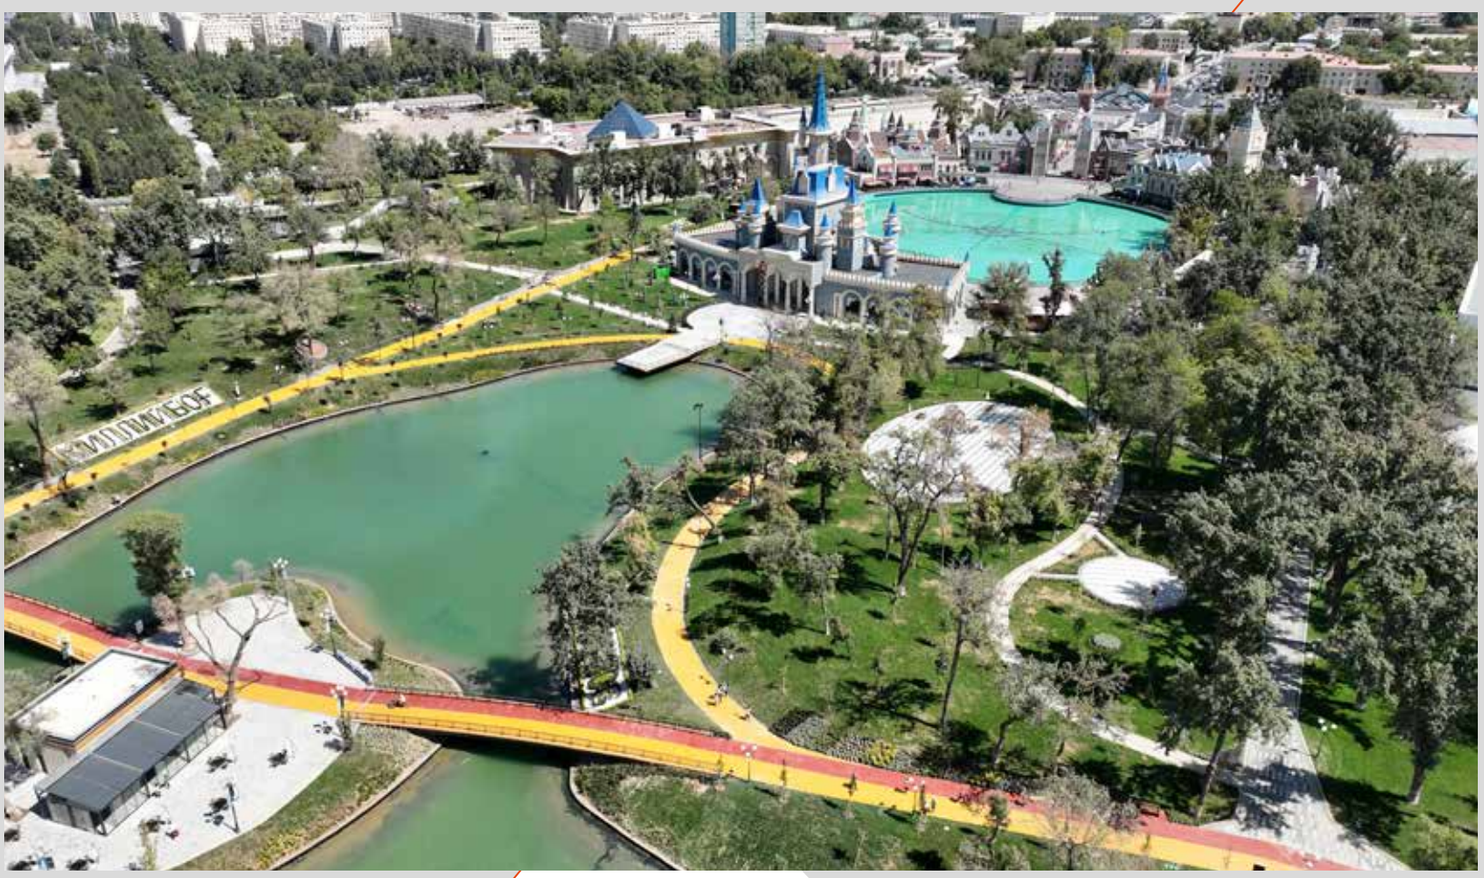

We designed the national park, the Milliy Bog, one of Tashkent's most important symbols. The city's historic lake, which had dried up in the past, was recreated as an artificial pond.

This transformation has turned it into an exemplary city park, complete with restaurants, picturesque landscapes, and the city's first-ever beach.

OSMANIYE CITY PARK

We have created a central meeting point where visitors can explore Osmaniye's history while enjoying the surrounding environment.

We have designed and built the open-air museum in Osmaniye, showcasing the city's rich history. The museum features bronze sculptures, dioramas, marble wall installations, animatronics, and canopy shades.

STATUES

One of the hidden characters of history; Janissary.

Statue of Janissary, represents the first modern army in the world.

City & Country
